Contact email: sam.easton@chss.org.uk

DEBRA (120 shops)

Charitable Activities: DEBRA is the national charity that supports individuals and families affected by Epidermolysis. Epidermolysis bullosa is a genetic condition that in its most severe forms affects all of the body's linings, the skin, the linings of the mouth and oesophagus, and even the eyes. In its most severe forms the linings blister or rip away from the flesh under the lightest of frictions. For example, rolling over in bed can cause skin to tear away from behind the ears, and the sufferer may wake up with up to 30 blisters each morning. There is no treatment bar the lancing and draining of these blisters to stop their growth. Sufferers of the severest form die prematurely of skin cancer (their life expectancy is usually reduced by 30 to 40 years); in some, death occurs in infancy. Our 120 shops are the primary income to generate the funds required to provide essential care and support to the EB community and fund pioneering research to fight EB and find cure.

Operating in: Scotland, South East England, South West England, East England, Midlands, North of England, London.

Able to accept following product types: clothing clothing accessories, other textile items, footwear, small furniture, large furniture, white electrical goods, small electrical goods and books.

OXFAM

Charitable Activities: [Oxfam](#) is a global movement of people all working towards the same goal – an end to the injustice of poverty. Together we save and rebuild lives in disasters, help people earn a living, and speak out on the big issues, like inequality and climate change, that keep people poor. Oxfam’s life-saving work around the world is currently focused on preventing and reducing the spread of coronavirus in the world’s poorest countries. We’re providing vital support like handwashing facilities, clean water, toilets and soap in the most vulnerable communities. Our response builds upon decades of experience in delivering successful Water, Sanitation and Hygiene (WASH) programmes globally alongside humanitarian responses to contain deadly outbreaks such as Ebola and cholera. We are working with 124 partners worldwide and hoping to reach over 17 million people with hygiene kits, access to clean water, soap and food assistance.

Operating in: Scotland, Wales, Northern Ireland, South East England, South West England, East England, Midlands, North of England, London
